

ANNEXURE II

(Refer to Para II para 1 of RFP)

TECHNICAL SPECIFICATION ITEMS/ SERVICES REQUIRED
(To be uploaded on GeM portal under Specification documents)

Ser No	Nomenclature	A/U	Qty	Technical Specification
1.	Parallel rope bridge with rope ladder at one end and iron pillars support on both sides	Nos	01	1.1. Thickness of Iron Pipe 4". 1.2. 13 ft height and 13 ft length required. 1.3. Rope nylon 78mm heavy load – 80 mtr required. 1.4. 4 ltr of each white and black paint required.
2.	W Wall with weather resistant paint	Nos	01	1.1. Brick and cemented W Wall. 1.2. Total 3 cemented structure with first & third having base of 4 ft 1 inch & center structure with base of 8 ft with dist of 1 ft 6 inch between the structures. Top of each structure being 1 ft 2 inch. 1.3. Height of each structure is 6 ft. 1.4. 10 kg lime for white wash.
3.	Single step up	Nos	01	1.1. 4 inch pipe required. 1.2. 10 ft length 4 pipe. 1.3. 2x2 ft cement base. 1.4. Black & white 02 ltr each, 02 ltr primer & 01 ltr thinner. 1.5. Saal wood ballies mounted on 4 inch round MS Pipe grouted in ground.
4.	Crawl fence	Nos	01	1.1. Barbed Wire 200 mtr. 1.2. Small angle iron picket 30.
5.	Two Vertical ropes on raised platform	Nos	01	1.1. Gadder/Pole 02 (15 ft) 1.2. Rope 02 (36 ft) 1.3. 3.5x2 ft cement base at both pole. 1.4. Centre Pole 4 inch 6 mtr required.
6.	Parallel three rope bridge with iron pillar support at both ends	Nos	01	1.1. Pole 04 (4 mtr) 1.2. Pole 02 (5 ft) 1.3. Cement Base 2x2 ft 1.4. Rope 60 mtr 1.5. Black & white 02 ltr each, 02 ltr primer & 01 ltr thinner.
7.	Step up –five wooden frame structure with weather resistant paint	Nos	01	1.1. 4 inch pipe required. 1.2. 10 ft length & 10 ft width & 10 ft height required. 1.3. 2x2 ft cement base. 1.4. Black & white 02 ltr each, 02 ltr primer & 01 ltr thinner.
8.	Gate vault of iron structure	Nos	01	1.1. Two cement pillar (Length 7 ft width 1.5 ft). 1.2. 19 ft x 3 iron pipe (4 inch pipe required) 1.3. 5 ft x 1 ft iron pipe required. 1.4. Black & white 02 ltr each, 01 ltr primer & 01 ltr thinner.

ANNEXURE II (CONTD...)

9.	Stepping stone	Nos	01	1.1. 15 cement pillar with height & width of 1.5x1.5ft. 1.2. 03 Kg white lime paint .
10.	Ramp	Nos	01	1.1. 02 Iron pole with height of 15 ft. 1.2. 02 Iron pole with height of 10ft. 1.3. 10 iron pole with length of 8ft. 1.4. Black & white 05 ltr each, 01 ltr primer & 01 ltr thinner.
11.	High step over of 11 frames	Nos	01	1.1. 02 iron pole with length of 20 ft. 1.2. 10 Iron pole with length of 11ft. 1.3. 08 iron pole with height of 4ft. 1.4. Black & white 05 ltr each, 01 ltr primer & 01 ltr thinner.
12.	Hand walk with iron stand on both sides and support	Nos	01	1.1. 4 inch pipe required. 1.2. 8 ft height required. 1.3. 25 ft length required. 1.4. 6 ft width required.
13.	Smoke Chamber with one entry and exit point	Nos	01	1.1. Length of Brick Wall – 3mtr each. Total wall area is 320 sqft. 1.2. Height 8 ft required. 1.3. Iron Gate 6ft x 3 ft required. 1.4. CGI Sheet & MS Pipe for roof. 1.5. 9 inch thick wall structure with opening on diagonally opposite sides. Tin sheet with MS pipe structure on top. Size of structure 8 ft by 8ft. 1.6. Cement & concrete floor (3inch depth required). 1.7. 02 ltr Black & 10 kg white lime paint & 02 ltr of primer required.
14.	Flex Bds at Each obstacle (2ft x3ft)	Nos	13	13 flex boards of each obstacle (2ft x 3ft)
15.	Shed at SP (15 ft x 25Ft)	Nos	01	Shed with the size of 15 ft x 25 ft
16.	Balli 14' (10 Ft)	Nos	10	1.1. Seasoned hardwood 1.2. 14 Ft (approx. 10ft above ground) 1.3. Anti Termite and weather resistant coating 1.4. Suitable for rope/ obstacle load bearing.
17.	Jute Rope 44 MM	Nos	20	1.1. Natural jute, machine twisted. 1.2. Diameter – 44 mm 1.3. Usage – Climbing, cargo net and rope obstacles.
18.	Sand Bag	Nos	500	1.1. HDPE/ heavy duty jute. 1.2. 20-25 Kg load capacity.

ANNEXURE II (CONTD...)
